

SUGAR MINNOW

“Only wooden material can imitate a Minnow which can swim lively with steady retrieving.”

Challenging such assumption, SUGAR MINNOW has finally succeeded in overturning it. Starting from 1st generation 50, there are several size variations available now. However, the basic concept is common for all those sizes. Slight modification in shape and swimming balance are given depending on the sizes to achieve natural swimming and easy handling. Needless to say, good response against rod movement such as twitching, long castability, and toughness are given. SUGAR MINNOW is the everlasting product BASSDAY can recommend to all anglers with great confidence.

Style: Sinking

Code: SM40S

Size: 40mm

Weight: 1.7g

Action: Wide Wobbling

Diving Depth: 0.5m
